

AUCTION NIGHT

FRIDAY, MAY 18, 2018 5:30 - 9:00 PM

SUPPORT SPRINGDALE SCHOOL'S NATURE SPACE PLAYGROUND

Nature Space will provide students and area families with a play space that fosters a connection with nature and encourages children to think outside the box through creative play, curiosity, and adventure. We believe that giving students a space to support their active bodies will, in turn, support their active minds.

This playspace will be a gathering place for the community with hopes for enhancing overall wellness and connection to the school community.
